

# WATER

# M A R K E T

# Protect. Treat. Modernize.

This partnership was the perfect blending of York Water’s expertise with water purification and distribution and BH’s technical acumen and dexterity. From project inception BH proved its worth. We realized an immediate \$2 million savings in capital costs when in consult with your engineering staff.

Jeffrey R. Hines, PE  
President of The York Water Company

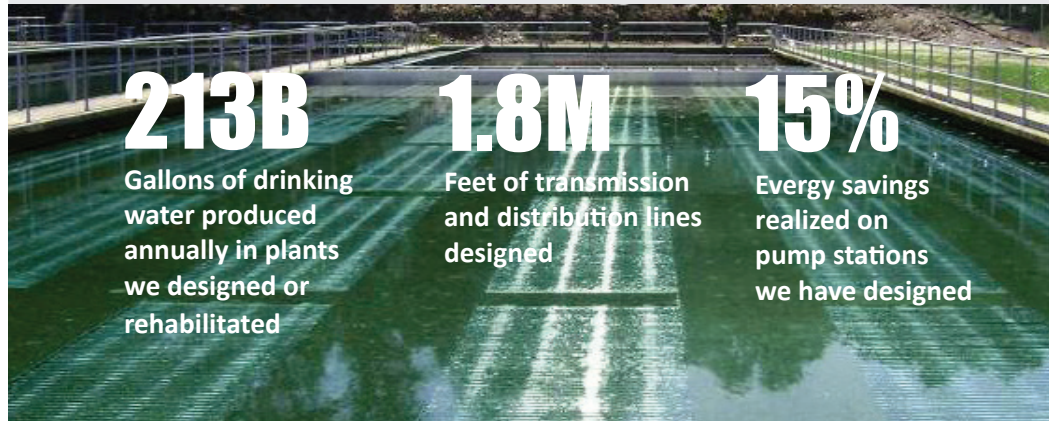

## Design Solutions that Protect Our Most Priceless Natural Resource

**\$** MORE THAN **150**  
Successful grants for  
more than \$250M of  
infrastructure upgrades

**NEARLY 200**  
Professionals available  
in all the relevant  
engineering, planning,  
and architectural  
disciplines

US EPA Operations and Maintenance Excellence Award  
Pennsylvania Governor’s Award for Environmental Excellence  
Grand Conceptor Award for Engineering Excellence, ACEC  
Diamond Award for Engineering Excellence, ACEC

**213B**

Gallons of drinking  
water produced  
annually in plants  
we designed or  
rehabilitated

**1.8M**

Feet of transmission  
and distribution lines  
designed

**15%**

Energy savings  
realized on  
pump stations  
we have designed

We specialize in:

Water Master Planning

- Water Distribution Modeling and Systems Simulations
- Vulnerability and Resilience Assessments
- Rate Analysis

Treatment Facilities Designs and Upgrades

- Conventional Treatment
- Advanced Treatment, including Membranes and Desalination
- Corrosion Control
- Solids Management
